Across the Universe is a 2007 jukebox musical romantic drama film directed by Julie Taymor, centered on songs by the English rock band the Beatles. The script is based on an original story credited to Taymor, Dick Clement, and Ian La Frenais, and based on the song of the same name by Lennon-McCartney. It incorporates 34 compositions originally written by members of the Beatles. The film ...

Across the Universe (film) - Wikipedia

In order to celebrate NASA's 50th birthday and the 40th anniversary of "Across The Universe" NASA transmitted this song into space in the direction of Polaris on the 4th of February 2008.

The Beatles - Across The Universe Lyrics | AZLyrics.com

Although best known as a track on 1970's Let It Be album, 'Across The Universe' was recorded in early 1968 and first released on a World Wildlife Fund album the following year. It was John Lennon's first composition to be recorded by The Beatles since 'I Am The Walrus' five months earlier.

Across The Universe - The Beatles Bible

Across the Universe is directed by Julie Taymor and is a love story structured around a soundtrack of songs from the Beatles. There really isn't much to say about this except that it just didn't...

ACROSS THE UNIVERSE CHORDS by The Beatles @ Ultimate ...

With a fluent pace and fresh sci-fi/mystery elements, Across the Universe offers a light read mixed with some glimpses of serious topics. The entire dynamic of the spaceship and how it is controlled was very well developed, and while it does take some time to start the actual plot, the first pages are very interesting and well written. Beth Revis has some of the best sci-fi ideas I have read ...

Book 1 in the New York Times bestselling trilogy, perfect for fans of Battlestar Gallactica and Passengers! WHAT DOES IT TAKE TO SURVIVE ABOARD A SPACESHIP FUELED BY LIES? Amy is a cryogenically frozen passenger aboard the spaceship Godspeed. She has left her boyfriend, friends--and planet--behind to join her parents as a member of Project Ark Ship. Amy and her parents believe they will wake on a new planet, Centauri-Earth, three hundred years in the future. But fifty years before Godspeed's scheduled landing, cryo chamber 42 is mysteriously unplugged, and Amy is violently woken from her frozen slumber. Someone tried to murder her. Now, Amy is caught inside an enclosed world where nothing makes sense. Godspeed's 2,312 passengers have forfeited all control to Eldest, a tyrannical and frightening leader. And Elder, Eldest's rebellious teenage heir, is both fascinated with Amy and eager to discover whether he has what it takes to lead. Amy desperately wants to trust Elder. But should she put her faith in a boy who has never seen life outside the ship's cold metal walls? All Amy knows is that she and Elder must race to unlock Godspeed's hidden secrets before whoever woke her tries to kill again.

Sorcerers, superheroes, and zombies. Out of work, out of luck, out of practice. Gods, clods, or four simple lads. Here are the Beatles as you've never known them before: singing for their supper, singing for their souls, and singing to save the world. Join 25 remarkable authors as they take you Across the Universe.

Culturally the Beatles were a global phenomenon - changing all facets of popular music for good, but not just because they were a band that made great recordings. How big a part did performing in concert play? Would they have achieved what they did without an early grounding in the dance halls and clubs of Liverpool and Hamburg? After their first year as a headline-grabbing attraction, why did The

Beatles soon tire of the relentless pace of Beatlemania? Through print and images from the visually-astounding "Daily Mirror" archive, "Across The Universe: On Tour And On Stage" answers these questions, examining in detail the Beatles as a live act between the key Beatlemania years of 1963-1966 and to mark the event's 40th anniversary, The Beatles' last ever performance - an impromptu session on a central London rooftop. "Across The Universe: On Tour And On Stage" takes the reader on a magical mystery tour through ballrooms, theaters, airports, limos, and stadiums across the globe and along the way, illustrates why The Beatles were seen but not heard throughout the 1960s.

Book 2 in the New York Times bestselling trilogy, perfect for fans of Battlestar Gallactica and Passengers! GODSPEED WAS FUELED BY LIES. NOW IT IS RULED BY CHAOS. It's been three months since Amy was unplugged. The life she always knew is over. Everywhere she looks, she sees the walls of the spaceship Godspeed. But there may just be hope: Elder has assumed leadership of the ship. He's finally free to act on his vision--no more Phydus, no more lies. But when Elder learns shocking news, he and Amy must race to discover the truth behind life on Godspeed, all the while dealing with the love that's growing between them and the chaos that threatens to tear them apart. Beth Revis catapulted readers into the far reaches of space with her New York Times bestselling debut, *Across the Universe*. In *A Million Suns*, Beth deepens the mystery with action, suspense, romance, and deep philosophical questions. And this time it all builds to one mind-bending conclusion: **THEY HAVE TO GET OFF THIS SHIP.**

When young lovers Amy and Elder and the other passengers of the spaceship Godspeed finally land on Centauri-Earth and start to colonize the new world, they encounter pterodactyl-like monsters and the threat of unseen aliens.

The music's still playing, fifty years on . . . It is 1965, and John, Paul, George and Ringo have lost themselves. Beatlemania is at its peak and the boys are overwhelmed by screaming fans, more money than they can count, and fame beyond their dreams. But one day, on the sets of the surreal *Help!*, George discovers the sitar, starting the boys off on a journey filled with drug-induced introspection, transnational spirituality and damned fine music. It is 1968, and John, Paul, George and Ringo have decided to find themselves. Following an eerie series of events, as if devised by fate, the boys are brought to Rishikesh, India, in pursuit of eternal happiness through a secret mantra from Transcendental Meditation guru Maharishi Mahesh Yogi. Hoping to get the better of their personal demons, they seek to break the shackles of stardom even though it begins the unravelling of the band. *Across the Universe* etches in lyrical detail a picture of the world's greatest band torn apart by their inner dissensions yet bursting with creative genius. Full of characters and happenings delightful and evil, of comic excess and dark whimsy, the book traces the path the Beatles took to India and the dramatic denouement of their sojourn at the Himalayan ashram. It is a modern fairy tale about four people the world has loved like no one else.

L'amore vero vince qualsiasi cosa, anche le più pericolose bugie... Un viaggio sbalorditivo per un romanzo originale e profondamente avvincente.

Viajaremos por un universo en busca de respuestas a tus preguntas ¿que hay más

allá de nuestra galaxia, que hay más allá del infinito? El viaje iniciado nos ayudara a entender y crecer junto a su protagonista Leah en su particular camino, creciendo con ella en la comprensión de la mente humana. Es un viaje fantástico, donde la valentía y la determinación de una humana van más allá de lo esperado.

by Andy Neill Culturally The Beatles were a global phenomenon changing all facets of popular music for good, but not just because they were a band that made great recordings. How big a part did performing in concert play? Would they have achieved what they did without an early grounding in the dancehalls and clubs of Liverpool and Hamburg?
