How to Create Pivot  
Table in Excel:  
Beginners Tutorial

A pivot table is a table  
of statistics that  
summarizes the data  
of a more extensive  
table (such as from a  
database,  
spreadsheet, or

# Get Free Excel Pivot Tables A

business intelligence program). This summary might include sums, averages, or other statistics, which the pivot table groups together in a meaningful way. Pivot tables are a technique in data processing. They arrange and rearrange (or "pivot")
