In pre-Civil Rights Mississippi, Vida is harassed by Delphi's racist sheriff and haunted by the son she lost. Hazel, who also lost a son, can't keep a grip on her fractured life, and drunkenly crashes her car into a manger scene. Hazel's husband hires Vida to keep tabs on his wife, and to care for their surviving son. Together they turn Delphi on its head.

direct knowledge of the eternal. The Sufis impart knowledge through lineages that go back to the Prophet Muhammad. In these various Sufi orders, the zikr, the repetition of "la illaha illa'llah" (There is no God but God), is part of initiation ceremonies. In fact, the method of the Sufis is zikr, and the manner in which zikr is performed is the essential difference among the various orders. The Dervishes repeat their zikr as they turn. They empty their hearts of all but the thought of God and whirl in the ecstatic movements of His breath.

Welcome to the afterlife: "A daring and original feat of the imagination . . . transporting readers to an alternative reality that reflects our own" (Nancy Richler, author of *The Imposter Bride*). Is it possible to find love after you've died and gone to Hell? For oddball misfits Velvet and Brinkley, the answer just might be yes. After Velvet hangs herself and winds up trapped in a bedroom she believes is Hell, she comes in contact with Brinkley, the man trapped next door. Through mirrors that hang in each of their rooms, these disturbed cinephiles watch the past of the other unfold—the dark past that has led to their present circumstances. As their bond grows and they struggle to figure out the tragic puzzles of their lives and deaths, Velvet and Brinkley are in for more surprises. By turns

"The View from Delphi moves along poetically, not weighted with the scholarly burden, yet its scholarship is clear. It recapitulates my writings and extends them beyond what I imagined. It reminds me of the work of Bhlavatsky and Gurdjieff, but instead of looking to the East, the View uncovers that same mystic well-spring in the West." - Norman O. Brown, PhD, Professor Emeritus, University of California, Santa Cruz, Author of Life Against Death, Love's Body

spend time together with no one else to rely on, the two women find they have more in common than they thought, and together they turn the town of Delphi on its head. This is the story of a town, a people and a culture on the verge of a great change that begins with small things . . . like an unexpected friendship. 'Miss Hazel and the Rosa Parks League is a substantial, thought-provoking must-read' June J. McInerney A note from the author: Growing up in Mississippi during Jim Crow and the Civil Rights Era, I, like most privileged white kids my age, was contentedly ignorant of the horrors my state and my people had deliberately inflicted on African Americans. It was only when I moved up North to Minnesota as an adult that I became aware of another version of history in which all Southern whites were vicious racists and all blacks were innocent victims who needed saving. Needless to say, neither version of the story was the whole truth, and I spent ten years returning to Mississippi interviewing African Americans who had lived at the same time as me, in the same state, but in a different world.
